

# Garon's

**Your Ethan Allen Galleries.**

August 20, 1985

To Whom It May Concern:

Luis Cabrera (Luis Upholstery Shop) was hired by Garon's Ethan Allen Galleries in August of 1985. It was one of the wisest decisions Garon's has ever made. Luis is what you seldom find these days, a master craftsman.

His work is top notch, and he is polite and courteous to our employees and customers. Of the many jobs assigned to Luis Shop, there was not one he could or would not do, from the most exquisite tufting to Ethan Allen service calls. We feel any company or companies that hire Luis Cabrera is fortunate.

Sincerely,

Gary J. Levine  
Vice President
